July 2021

Dear Parents/Carers and Students

**Re: Transition work 2021-2022 (Year 12)**

First of all, thank you for your application and for choosing the Energy Coast UTC Sixth Form for the next phase of your educational pathway. We are very much looking forward to welcoming all students in the next academic year and supporting you with your chosen courses of study.

The last 18 months of education has been very difficult and disrupted for lots of students as a direct result of the global pandemic and consequent changes to course content, examinations and ultimately student attendance in the classroom. As such, lots of learning has been missed resulting in gaps in knowledge which must be addressed before progressing onto Level 3 courses of study.

To ensure that students make the very best start to new Level 3 courses of study in September we would like all students to complete transition work in their chosen subjects over the summer before studies commence in September; this will familiarise students with the course content of their chosen subjects whilst also helping to bridge the gap moving up to Key Stage 5. It is therefore essential that all transition work is completed before studies commence on **Monday 6 September 2021** to ensure that students have the necessary foundations for their new courses and so that their transition onto Level 3 courses runs as seamlessly as possible.

To access the transition work for all subject areas please log on to the online learning platform Showbie: <http://my.showbie.com/>

If you are a current student, please login with your current school email address and Showbie account. For new students please click on the following link to create your personal account, following the steps outlined: <https://support.showbie.com/en/articles/1420198-signing-up-as-a-student>

When logged in to Showbie please click on 'Join a class' and input the code for your chosen subjects:

Subject	Class code
Computer Science	M6UWM
Applied Science	E7PBR
A Level Maths	BUQJJ
Level 3 Maths	D6E5L
Civil Engineering	DP84V
Engineering	JB6UY
DEC!	UGTDC
Product Design	WFHLF
Business Studies	7EZJ5
Sport Science	LA4UV
Cyber Security	<a href="https://www.energus.co.uk/skills-training/cyberfirst/">https://www.energus.co.uk/skills-training/cyberfirst/</a>

To enable us to assess your completed work, please ensure that you complete and upload your tasks to the specified area on Showbie.

If you experience any problems or require further assistance then please do not hesitate to contact me on: [Andrew.Davidson@energycoastutc.co.uk](mailto:Andrew.Davidson@energycoastutc.co.uk)

Once again, I would like to take this opportunity to express how excited we are to welcome you as a member of our Sixth Form in September. We look forward to seeing you on results day on **Thursday 12 August** and wish you the best of luck. Please do not forget to visit us on results day, to share your results with us and confirm your subject choices.

We also look forward to seeing you at the Parent/Tutor Day on Friday 3 September (appointment details to follow shortly), and at the start of term on Monday 6 September.

Yours faithfully,

*A Davidson*

Mr A Davidson  
Head of Key Stage 5
